R.C.R.No,515/31. Taluk Board Office Hospet

Dated, 20-12-31.

DISTRICT BOARD OF BELLARY
CA 2383/31
22 DEC 1931

From,

01134

M/M R. V. Pathikonda Nagappa Setty Garu,

President Taluk Board Hospet

SECRETARY TO GOVERNMENT
10 JAN 1932
LOCAL SELF GOVERNMENT DEPARTMENT

To,

The Secretary
Local Self Government Department
Fort Saint George
M A D R A S.

Through,

The President District Board

B E L L A R Y.

Sir

Subject;-Consultation of Public Health Department in granting licenses - consultation orders- requested.

I have the honour to bring to your kind notice that the District Health Officer Bellary had requested the orders of the Board to consult the Public Health Department in the matter of granting licenses to factories though there are statutary orders. The subject was placed before the Board and it in its resolution No,13 (d) stated that consultation is not necessary (extract enclosed).

2. Thereupon the District Health Officer Bellary requested me to get the resolution of the Board cancelled as the consultation is necessary. The subject was again placed before the Board at its Meeting held on 15-12-31 and that the Board requested me to address you in the matter to cancel the order of consultation as it is causing much delay and telling upon the finance of the Board (copy enclosed)

3. In this connection I have to bring to your kind notice that a reference Dated,29-4-31 was received from the District Health Officer Bellary regarding the insanitary condition of the Ginning factory at Ujjini. The explanation of the Proprietors of the factory was sent to the District Health Officer Bellary on 10-7-31, and no reply was received from him though 3. reminders were issued from this Office. However a reply to the 3rd reminder Dated,3-11-31 was received from him stating that the subject is under correspondance and the reference will be sent back as soon as he

98m 14/1

forms a final opinion. Till now no reply is received from him though more than ~~1½~~ 1½ Months elasped.

4. If important matters like this are delayed it will tell upon the income of the Board in way of license fees. Also the suffering and discontent of the factory owners increases day by day and will tell upon the administration of the Board.

5. Under the circumstances I therfore request that the Government will be pleased to cancel the orders of consultation with the public Health Department and the Inspector Factories may be invested with the powers of selecting and approving the sites of factories in the in-terest of the Board and the Public.

From (Name) Major J.R.D. Webb.,O.B.E.,I.M.S.,
(Designation) Offg. Director of Public Health,
Madras.

To The Secretary to the Government of Madras,
Local Self Government (Public Health) Department.

Sir,

Reference: Government memorandum No.1134-1/E 2-PH dated 15th January 1932.

On reference to District Health Officer, Bellary I have the honour to represent that this officer has offered an excuse that as cholera raged at the time he and his staff did not have the time to attend to this duty which he much regrets. I have replied to the officer that such non-attendance to duty brings this departmentment into disrepute and that in future I do not wish to hear of a similar recurrence. I hope Government will accept thes

p.t.o.

explanation in the circumstances.

I have the honour to be,

Sir,

Your most obedient servant,

Major I.M.S.,
Offg. Director of Public Health,
Madras.

Copy of letter Dr. T.K. Seshadri, B.A., M.B.B.S., B.S.Sc., District Health Officer, Bellary to the Director of Public Health, Madras. (Letter C.R.No.864/31 dated 22nd January 1932).

Reference: Your R.No.126-1/Sany dated 19th January 1932 - Delay in replying - Factory reference explained.

On 21-3-1931 a report from the Stationary Sub Magistrate Kudligi was received about the contamination of the drinking water source at Ujjini by the ground nut husk etc., of the Gin situated nearby. It was referred to the Health Inspector, Kottur on 26-3-1931 for remarks and he supported the Sub Magistrate's remarks. Thereupon on 16-5-1931, the President, Taluk Board, Hospet was requested to stop the working of the Gin immediately by issuing a notice to the Proprietors of the Gin. He accordingly issued a notice to them. Apparently they were running the gin without a license. They put in a petition to President, Taluk Board Hospet stating that the drinking water source is not at all polluted and that a license may be granted to them. This petition was forwarded to this office in the middle of July 1931 and it was in the usual course forwarded on 23-7-1931 without delay to the Health Inspector, Kottur for remarks again. As he was very busy with severe cholera infection in his Range, he could not inspect the spot and reply the reference until 8-10-1931. The reply being incomplete, further reference was made on 22-10-1931 and it was replied to by the Health Inspector on 14-12-1931. Meanwhile a Judicial summons was received from the Taluk Magistrate Hospet for the production of the records on 31-12-1931. The case was adjourned to 11-1-1932 and it stands adjourned again to 23-1-1932. However to dispose

2

off the peition pending long with the President Taluk Board, I have furnished him with a reply on 19-1-1932 to the effect that the grant of the license applied for cannot be recommended.

2. These facts show that there was no delay in this Office but that on the part of the Health Inspector, Kottur was unavoidable in view of a large number of villages infected with cholera in his Range, where infection continued till 1-12-1931 requiring his presence in one village or the other at every moment. The village Ujjini to which the Gin belongs, was not infected and hence there was no necessity for him to visit it and reply the reference earlier.

3. In this connection, I have to state that there was absolutely no necessity for the President, Taluk Board, Hospet to await a reply to his reference of 10-7-1931 in the matter of the grant of the license when there was already a report dated 16-5-1931 of the Health Department objecting to the grant of the license applied for and as such no loss of license fees was involved in the case in question.
